# the DeWitt advantage

DeWitt & Associates, Inc. is the premier commercial general contractor in Southwest Missouri. We are responsible for building some of the most notable projects in the region. Because of our strong work ethic and Midwestern values, we have developed lasting relationships with Owners, Subcontractors, Designers, Suppliers and the Community.

A key strength of DeWitt is the depth of its management staff. Our people are committed and knowledgeable with the experience and ability to administer and review all phases of the construction process: planning, scheduling, estimating, bidding, purchasing, project management and accounting. DeWitt & Associates has grown continuously by delivering well-managed economical construction, quality workmanship, on-time completion, and satisfied customers.

At DeWitt & Associates, Inc. our vision is to be the premier building company of choice for our employees and our "business partners".

In order to address our vision, DeWitt has developed our Construction Services Group to meet the growing demand for timely and cost effective construction services. No matter the size of your project or the budget involved, our clients can be assured that DeWitt is equipped to meet their project needs.

We are only successful when our clients are successful. Therefore, we provide services throughout the construction process, from predevelopment to post warranty to help our customers succeed.
